RECOMMANDATIONS

PRÉPARATION

- Après ouverture de l'emballage, lisez attentivement cette notice, puis contrôlez toutes les pièces livrées et examinez-les afin de détecter d'éventuels dommages dus au transport.
- Veuillez noter que les fixations murales fournies avec ce produit sont adaptées uniquement pour des murs pleins. Des murs en Placoplatre ou avec des poutres peuvent nécessiter d'autres fixations (non fournies).
- Faites attention en perçant de ne pas atteindre de tuyauterie ou de câble électrique dans les murs.
- Cette barre peut être recoupée en cas de besoin.

ÉTAPE 1

! Si nécessaire, la barre fixe peut être coupée pour mise à la bonne dimension.

ÉTAPE 2

ÉTAPE 3

Ø 6mm

•

X1

ÉTAPE 4

Finition :

Appliquez un joint de silicone autour de la fixation pour éviter les infiltrations.
