- Montage au plafond
- IP20
- Ampoule(s) non incluse(s) dans l'emballage
- Télécommande
- Interrupteurs séparés
- Fonctionnement été et hiver
- Minuterie
- Ventilateur

The BIDAR ceiling light combines stylish design with functional versatility and brings a special feel-good light into your rooms. The light shimmering gently through filigree patterns creates a fascinating interplay of light and shadow that radiates a warm cosiness. At the same time, the integrated fan ensures optimum air circulation all year round - pleasantly cool in summer and efficiently warming in winter. The practical remote control can be used to control both the light and the fan separately, with the fan offering three speed levels for customised adjustment. The perfect symbiosis of light and air - for an all-round harmonious room climate all year round. The elegant design in matt white metal blends harmoniously into any modern home. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.
